

Boys and Girls Club annual community give back

"Futbol, food and prizes!"

The Vacaville Elite Soccer Club spent the afternoon at the Trower Center Boys and Girls club for fun, food and football – soccer that is.

The club members also fit in some basketball and plenty of food. Mountain Mikes pizza donated some pizzas, the club cooked up some pasta and topped it off with ice cream cones for all.

They spent most of the time on the soccer field giving directions and coaching. It was a bit windy but the kids didn't seem to mind. The Vacaville Elite Planned the event and worked with the Boys and Girls club to set up the event. They even had a raffle and every child won a prize.

They are planning on this being an annual event, if not twice a year, based on the response from the children. Throughout the course of the day they served around 50 children right from that neighborhood.
